Event Recap – Members Monthly Ride Tanjung Piai – 29 March 2009

**Message from:
Barney Phillips
Assistant Director**

Another sunny day and 27 bikes and six pillions turned out for our March Members Ride to Tanjung Piai.

This was a pleasant but short ride to the southernmost point of continental Asia. We have done it before but again the food at Tg Piai did not let us down. More than we could eat for \$10 after the HOG subsidy.

The ride was a pleasant, especially after we left Highway 5 and wound our way through the small villages along the eway to the Tanjung Piai National Park.

It was great to see the enthusiasm of the two new marshals Robert Growden and Dennis Rose. Both performed admirably.

This ride was well supported and everyone who attended enjoyed themselves. Several new riders introduced themselves and were made to feel welcome.

These short rides are a great way to get to know our group riding techniques and other riders.

**Ride Safely and Have Fun!
Barney**
